Dear Mr. Prugh,

Thanks for your note of the 6th and the pages of the 1969 City Directory.

After going over these pages it occurs to me that it would be helpful to have the same pages for the prior directory.

Some cities have them only every two years.

The period of my interest is very early 1968 - January and February.

I know of at least one of the Harden/Hardin name not in the directory pages you were kind enough to provide.

Thanks for the lunch invitation. These days I travel only when I have a speech to make or seek evidence for one of my FOIA cases.

I would like one of the other to take me to Atlanta. I've not been in it, other than in its airport, since 1934 or 1935.

Again thanks.

Sincerely,

Harold Weisberg
